EXHIBIT B — Driver footwell – sand / light debris on floor mat

Renter	David Haccoun
Supplier	Europcar – Nice Côte d'Azur Airport T2
Vehicle	Renault Espace 7P – plate HK-060-SX (Alpine sill plate visible)
Booking confirmation	790454855
Europcar contract	2105854329
Return document	Statement of Return – “Specialist interior cleaning – Soiled/Stained”
Subject of photo	Driver-side floor mat / pedals / door sill

What the photograph shows

The photograph shows the **driver-side footwell** of the rented vehicle. The black floor mat has **light-colored sand / fine dirt** and a few **pine needles**. Sport-style pedals and an “**ALPINE**” door-sill plate are visible. There is no evidence of tobacco ash, waste piles, heavy staining, or soiling that would make the vehicle incompatible with immediate re-rental.

Relevance to the dispute

Europcar’s Statement of Return lists as new interior item: “**Specialist interior cleaning – Soiled/Stained**”. Under Europcar FR Terms & Conditions (from June 2026), the passenger-car interior cleaning fee (**€135**) applies only where the vehicle requires **thorough cleaning incompatible with immediate re-rental** (examples: persistent tobacco odor, ashes, waste, or **significant soiling**).

This photograph shows only **ordinary sand / light debris** typical of coastal rental use, not significant soiling within the meaning of those Terms. It is also inconsistent with Europcar’s return email stating “**no additional charges**”.

Request: Please cancel / refund any specialist interior cleaning charge and consider this exhibit together with the original photograph attached to the same email.
